

MIDDLESEX UNIVERSITY (MU) ERASMUS+ GRANTS FOR RS HEI PARTNER INSTITUTIONS

December 2015

In December 2015, Middlesex University, London, UK, has succeeded in securing ERASMUS+ grants for one representative of UNI and one representative of BU to attend the ERASMUS+ European & International Credit Mobility Staff Training Week, to be held from 8th through 12th February 2016 at the given university.

This is an (originally unexpected but excellent) outcome of the exceptionally good cooperation of RS HEIs with MU first within the SIQAS (Internal Quality Assurance at Serbian Universities) TEMPUS Project, and now within FUSE.

The Training Week will also include a Study Abroad Fair, which will be a great opportunity for informing all the relevant parties about the possibilities for in-coming mobility in Serbia and for disseminating information about the FUSE project.

The UNI FUSE team wishes to express its utmost gratitude to MU for this exceptional opportunity, and looks forward to future cooperation within ERASMUS+ with the given university.
